# HOST YOUR NEXT BIRTHDAY PARTY

---

## More than just the Movies!

The Penthouse Cinema prides itself on providing movie-goers with a friendly, intimate atmosphere in which to view high quality films.

This welcoming and comfortable environment is part of the cinema's unique charm.

We have a unique set up (which is perfect for busy parents) where you can have the movie and catering at one venue.

Our Vogue Suite (30 seats) is our small, deluxe theatre - perfect for small, private groups looking to screen a movie from our current selection or a favourite DVD.

We also have a semi-private dining room adjacent to the cafe for your party crew to utilise for catering before or after your screening.

You are welcome to bring in a birthday cake or our baker can have one ready for you on the day.
